

COMP Cams® Ultra-Gold™ Aluminum Rocker Arm Line Expansion

Highly successful, advanced aluminum rocker arm line expands with 10 new applications for Chevrolet, Ford and Pontiac engines

COMP Cams® Ultra-Gold™ Aluminum Rocker Arms have taken the competition by storm with their revolutionary design and innovative benefits. By virtue of the success of the initial product launch, COMP Cams® has announced increased coverage of these super strong, ultra lightweight rockers to include 10 new applications in a variety of engine platforms. Ultra-Gold™ Aluminum Rockers are now available for a wider range of Small and Big Block Chevrolets, as well as select Ford and Pontiac engines.

The COMP Cams® Ultra-Gold™ Rockers are designed specifically for high performance and race engines. A direct bolt-up to either 7/16-inch or 3/8-inch diameter rocker studs in a wide variety of rocker ratios, they feature high-strength aluminum 6061-T6 construction for excellent durability. CNC-machined for consistent quality and ratio accuracy, these rockers offer additional clearance on valve springs with up to 1.650-inch outside diameter. Two applications of “break-in” rocker arms with reduced ratios are also offered as part of this product expansion.

For more information about the expanded lineup of COMP Cams® Ultra-Gold™ Aluminum Rocker Arms or any other COMP Cams® product, call us at 1-800-999-0853, or visit us online at www.compcams.com.

Part No.	Description	Stud	Ratio
19003-16 ¹	Chevrolet V8 265-400, V6 200-262	3/8"	1.65
19006-16 ¹	Chevrolet V8 265-400, V6 200-262	7/16"	1.65
19040-12 ²	Ford V6 240-300	7/16"	1.6
19048-16 ²	Ford Small Block V8 289-302351W	3/8"	1.7
19049-16 ²	Ford Small Block V8 289-302351W	7/16"	1.7
19045-16 ²	Ford V8 Cleveland-Boss 302, 429-460	7/16"	1.72
19060-16 ²	Pontiac V8 350-455	7/16"	1.5
19061-16 ²	Pontiac V8 350-455	7/16"	1.65

Break-In Rockers

19012-16 ¹	Chevrolet V8 265-400, V6 200-262	7/16"	1.3
19011-16 ³	Chevrolet Big Block V8 396-454	7/16"	1.5

¹ For V6 order -12 suffix. Will not replace late model rail rocker.

² Must use screw-in studs and guide plates

³ Requires stud #4514-16 to replace late model pedestal

Quick Summary

Product: COMP Cams® Ultra-Gold™ Aluminum Rocker Arm Expansion

Part Number: Application Specific

Features & Benefits:

- Expanded lineup of COMP Cams® Ultra-Gold™ Rockers fit Big and Small Block Chevrolet, Ford and Pontiac engines
- Most advanced aluminum rocker arm ever
- Includes two “break-in” low ratio rocker offerings for camshaft break-in safety
- CNC-machined for unrivaled quality and ratio accuracy with a lifetime warranty
- Additional valve spring clearance versus other aluminum rockers on the market
- Proven to withstand extremely aggressive spring pressure and valve lift
